What exactly it means to Doing Business in Thailand means to all of us as Thai and to our potential foreign direct investors when they opt to start their business in Thailand? When Thailand speaks, will investor around the world listen and finds it easy to start a business operations in Thailand or otherwise?

With recent ranking by World Bank Group Flagship 14th Annual Report – Doing Business 2017, Thailand have ranked 46th amongst the 190 economies globally; investigating the regulations that enhance business activity, the eleven indicators measure aspects of regulation affecting areas of the life of a business. The indicators are used to analyze economic outcomes and identify what reforms of business regulation have worked, where and why?

This roundtable is called for in interest to improve Thailand competitiveness across Asean as well globally towards the intent of a sufficient economy leveraging on all digital development with ease to serve Thailand 4.0.
